The **Streamline Package** price range is from \$3,500.00 to \$4,995.00. It includes a full-color cover and our basic publishing pre-press process, including ISBN. It does not include editing and re-writes. This approach takes what the author presents, publishes it verbatim, and creates the book. The **Superior Package** represents our full service options. View examples of books of this quality on our company website. A customized full-color cover, writing services and re-writes, editing, text revisions, typesetting, ISBN, and commercial website interface are included in the publication process. Your book is placed on multiple websites including Amazon, and Barnes and Noble. We have a wonderful team of professionals here who will serve you well. Their work is nothing short of superior. Price range: \$4,995.00 to \$8,995.00 not including the cost of books. There is never a minimum order of books required.

E-books: CTP offers new publications in e-book form. Terms and prices vary. We work with our authors to assure they receive the right e-book arrangement for their specific works and applications. Many variables exist and should be considered in e-book publication and distribution. We design and offer e-books to author and publisher specifications. These include but are not limited to considerations of Digital Rights Management (DRM), including copyright and distribution.

CTP's Special Teams Package!

In many instances authors request help with their writing processes, or indicate special needs for their writing projects. Some authors request ghost writing services, or co-authorship arrangements. Other authors request custom art and color photography insertion. Still others want us to provide a company or personal logo, or crest, to enhance identification and marketability. CTP provides these services and many more to complement and enhance your Superior Package.

Our **Special Teams Package** includes a wide array of writing and artistic services to create, enhance, and complete your manuscript. Examples:

1. **Ghost writing:** Ghost writing is the process where a manuscript is written by a person other than the author, where the author's name appears as owner of exclusive copyright. Generally ghost writing is defined as a "work for hire" where money paid to the ghost writer constitutes payment in full for services rendered. Various arrangements can apply and each situation is considered and decided individually on the basis of the needs of exclusive owner of copyright.
2. **Artwork:** Many books call for artistic contributions to illustrate text. We work with gifted artists who can supply designs and complete artistic representations for your book, in color, or black and white. Fees are negotiable.
3. **Color photography:** CTP can include color photography as part of your book text. We use professional and gifted photographers for your pictures, or you can submit your own.
4. **Logos:** Organizations often use logos for identification and promotion. We can design and create a customized logo for you. Logos can be used in your book, website, printed media, and more.

5. **Audio books:** Our team of recording professionals will record your book! These recordings can be made available on an expanding array of distribution media. Audio recording can be done “dry” (voice only) or with musical enhancement.

We call this package *Special Teams* because highly gifted people with tremendous talents are engaged to fulfill the special needs your manuscript may require. Their work is nothing short of spectacular. If your manuscript is accepted for publication, we invite you to consider our Special Teams Package along with your Superior Package.

Consider your publishing venture in light of these offers. Simply let us know which package(s) you want! We look forward to reviewing your works for publication.

Submission: Send your materials as email attachments in MS Word 2003, 2007, or 2010 to jordan.peck@ctrig.com or glen.aubrey@ctrig.com. We look forward to hearing from you!
