Dear Glen:

Just a few lines to say how effective and enjoyable the Core Team Training and Leadership Investment Sessions have been. I have seen constant growth from everyone in our small team. It is very gratifying to see a team of workers enter the sessions and a team of leaders exit.

I am confident that as our small corporation grows and moves forward that we will be prepared to face the future.

We would highly recommend CTRG to any company big or small so they can see the outstanding results that we have been fortunate enough to have had on our relationship with CTRG through our course.

Sincerely,

Juan Camacho
