Glen & Staff

As owners of Major's Diner in Pine Valley, CA we would like to take this opportunity to thank you and your team for preparing such a great team building series as 'Core Teams Work'. During the last 6 months, we have been using the book as a guide to better performance and teamwork within our restaurant. Each meeting brings out something new within the team that we would not have learned had we not started this.

Confidence among the employees rose and communication between owners and employees significantly improved after just 2 of the sessions. We have learned where to concentrate our efforts and whom to work with for better performance and achievements.

Your team has always been there for questions, suggestions and general advice on how to use this course to bring out the best in both us, as owners, and our team as a whole.

Thanks again for all your support and keep writing quality programs! You are the best!
